# Cricket Valley Energy Center Construction Progress

# **Community Outreach**

The CVEC team raised just over \$10,000 this year to grant wishes to 11 families with a total of 28 children from this year's Adopt-A-Family Giving Tree. We bought, wrapped, and delivered toys, clothing, and food for these local families in time for Christmas. The team also purchased supplies for the Center of Compassion's annual drive to deliver holiday meals throughout the community.

# **Construction Highlights - Another Milestone**

In December, the last fan deck was secured into its final position at elevation. The first fan deck was secured in June, and less than six months later, we had installed all 1900 tons of steel, and closed out this scope!
